Public Comments

He presented a slide show depicting graffiti damage throughout the City, a copy of which is available in the City Clerk's Office. Mr. Jones encouraged Council to take action to eliminate the problem.

Councilmember Debbie Cook asked Acting Public Works Director Paul Emery to respond to the previous speaker's concerns. Director Emery informed of the city painter who remedies graffiti damage and announced the number to call to report the damage, 714-960-8861. He noted that response time is typically within 24 hours for damage to public property. Mr. Emery stated that damage to utility boxes can also be reported to this number and the City will notify the utility company; damage to private property should be reported to Code Enforcement.

Steve Stafford spoke regarding a subpoena for records, his public records requests, and park, tree and landscape permits. Mr. Stafford alleged the withholding of public documents and potential obstruction of justice.

Wendy Mello spoke on behalf of families who are upset that their children received applications for the Surf City Visa Card. Ms. Mello also communicated her concern regarding the Huntington Beach Youth Shelter closure in relation to her experience with a teenage runaway.

Norm "Firecracker" Westwell declared his opposition to agenda items concerning a moratorium on marijuana dispensaries and recreational vehicle (RV) parking. He thanked Councilmember Cook for voting against the 45-day moratorium, and compared and contrasted prescription medical marijuana to cigarettes or alcohol. He encouraged Council to end the moratorium. Mr. Westwell also spoke regarding the proposed RV parking ordinance, stating that less than four residents per day complain about RV parking and increased restrictions are unnecessary.

Jean Polkow, 30-year resident and RV owner, asked Council to deny approval of the proposed RV parking ordinance. She reported on municipal codes in other cities and state automobile classifications. Ms. Polkow suggested Huntington Beach be the leader rather than a follower. She asked for protection for what she referred to as a minority group, RV owners.

Bob Polkow referred to written communications he had submitted to Council and asked that Council enforce the California Vehicle Code rather than creating more legislation.

Joe Tusso, Assistant Wagonmaster for the Huntington Beach Sons of the Beaches Camping Club, stated his opinion that resident motor home owners are not the problem. He voiced his concern with restrictions on the amount of time given to prepare and unload after a trip. Mr. Tusso asked the City Council to consider giving senior citizens, the handicapped, and others adequate time to secure their RVs for trips.

Rolland Boepple thanked Council and staff for the time and effort they allotted towards resolving the RV parking issue. He spoke regarding unexpected weather and traffic and impacts on travel schedules. Mr. Boepple asked for the ability to phone in with short notice requests to get a permit and suggested that basic permits be valid for 48 hours.

Peter Petrelis, Chairman of the Huntington Beach Recreational Vehicle Owners Committee and 39-year resident, declared the proposed eight day permit maximum very stringent. He urged Council to increase the number of permit days to sixteen and asked for verbiage in the ordinance to allow for contiguous use of the permits.

Gerald A. Jones, affiliated with the Huntington Beach Elk Camper Club, concurred with the comments of the prior speakers and asked for 72 hours to prepare his RV for a trip. Mr. Jones stated his opinion that eight 24-hour periods in a month is inadequate.

Dick Lenell, affiliated with the Huntington Beach Recreational Vehicle Owners Group, vocalized his opinion that the goal of the revised RV parking ordinance is to remove RVs from City streets for aesthetic reasons. Mr. Lenell spoke regarding non-resident RVs, the protection of minority rights, and the importance of tolerance.

Michael Cohen, 24-year resident and RV owner, spoke about the requirements for setting up his RV for travel. He expressed his opinion that eight permit days per month are unacceptable and urged Council to amend the wording of the ordinance to allow sixteen days.

Jack Redman, 27-year resident, urged Council not to pass the proposed RV ordinance since it would cause a lifestyle change for many. Mr. Redman opined that the current system works and needs no changes.

Rosanna Starr spoke regarding her medical condition and why the daily use of her RV is necessary for both work and home use.

G. Ronald Starr spoke regarding RV parking complaints and parking tickets. He referred to the lack of RV parking restrictions in Northridge and the value of RVs in earthquake and other emergency situations. Mr. Starr noted many young families use RVs as well.

Councilmember Debbie Cook announced exceptions to the proposed RV parking ordinance for medical needs and daily use.

Ray Bishop, 40-year resident and RV owner, spoke about use of RVs for work, pleasure and community service. He informed Council of trips he'd taken with children's groups and others when the use of refrigeration and facilities in the RV were necessary. Mr. Bishop voiced his opinion that eight permit days per month are inadequate and that he agrees with sixteen days per month.

Judith Lewis, 20-year resident, stated that a minimum of 48 to 72 hours is needed to set up her RV for a trip. Ms. Lewis spoke of Huntington Beach as a tourist destination and the need for the City to remain RV-friendly.

Gary Jasco, Huntington Beach property owner for 30 years, asked Council to amend the proposed ordinance to sixteen days to allow for visitors. Mr. Jasco also stated that he requires three days on either side of a trip to set up and unload his RV.

Don Pico, 40-year resident, announced his opposition to the proposed changes to RV parking. He stated his opinion that the size restrictions should not be changed.

Sander Gelfand, 24-year resident and RV owner, concurred with the prior speakers and voiced his opinion that the RV parking issue is a minor problem that should not require changes. Mr. Gelfand further stated that residents show pride of ownership in their RVs and in the City.

David Wickersham, 46-year resident, spoke regarding his need for three days on either side of a trip to load and unload his RV. He asserted that the proposed change in length restrictions is not fair to current RV owners, and that storage space is expensive and unavailable. Mr. Wickersham proposed grandfathering the size of currently owned RVs, giving a 72-hour permit for loading/unloading, allowing sixteen permit days per month, and allowing permit changes as plans change.

Steven Martin vocalized his opposition to the proposed RV parking ordinance. He stated that he needs a couple of days to set up and unload his RV and asked Council for 72 continuous hours or sixteen permit days.

David Morse gave accolades to the Police Chief and his staff for their efforts. He voiced opposition to any new legislation and to the reduction from 25-foot RVs to 20-foot RVs in particular. Mr. Morse spoke further regarding RV use after the Northridge earthquake, effects on taxes and tourism, and recommended Council allow 25-foot RVs and 16 permit days per month.

Jeanne Nevins asked Council to remove the words "for work" from the proposed RV parking ordinance and gave examples of a grandmother using an RV daily with her grandchildren. Ms. Nevins asked Council to be fair to RV owners-residents.

William Stenart stated reasons for his opposition to the proposed RV parking ordinance including the 24-hour limit being too restrictive, the additional paperwork required of staff, and his opinion that the proposed ordinance will not resolve the issue. Mr. Stenart suggested an allowance for 72-hour permits.

Stan Kosalka, 27-year resident, announced his opposition to new parking laws and asked Council to enforce the laws currently in effect. Mr. Kosalka spoke regarding the volume of RV owners in the City and encouraged tolerance.

Steve Ray spoke of the investment people make in the RV lifestyle and the potential negative effects on tourism. Mr. Ray urged caution in increasing restrictions and asked Council not to penalize the entire RV community for the transgressions of a few.

(City Council) Ordinance No. 3699 Approved for Introduction as Amended to Include Revision of Maximum Permit Days to 16 and to Strike "For Work" from Section 10.44.062 of the Huntington Beach Municipal Code Regulating Parking Time Limits of Oversized Vehicles, Recreational Vehicles and Detached Trailers on City Streets (560.20)

The City Council considered a communication from the Chief of Police transmitting the following **Statement of Issue:** The Police Department receives numerous calls daily from citizens regarding oversized vehicles, recreational vehicles and detached trailers parked on City streets. The general issue is the length of time that these vehicles are parked in the same location on public streets. The complaining residents believe the recreational vehicles parked on the streets negatively impact the quality of life in their neighborhoods, creates a safety hazard, are unsightly and clutter the streets.

The Municipal Code, in its present form, is not only difficult to enforce, but is also time consuming and often times does not resolve the original issue for the complaining resident. This is discouraging for the resident and leaves them believing the Police Department is not adequately responding to their requests in a timely manner. The vagueness of certain aspects of the code results in numerous traffic hearings for those who wish to challenge the citations. The combination of these issues taxes the resources of the Police Department and reduces the time available to focus on other problem areas in the city.

Police Chief Ken Small presented a PowerPoint report titled *Recreational Vehicle Parking City Council Meeting February 22, 2005*, which was updated by a Late Communication and included in the agenda packet.

The City Council considered two communications in opposition to the revised ordinance which were included in the agenda packet.

Discussion ensued among Council and staff regarding lengths of RVs, safety factors, overnight parking definitions, permitting, daily use, and the definition of "reasonable proximity." A suggestion was made, but not enacted, to consider taking straw votes.

A motion was made by Hansen, second Coerper to approve for introduction as amended **Ordinance No. 3699** – "*An Ordinance of the City of Huntington Beach Amending Chapter 10.44 of the Huntington Beach Municipal Code Relating to Oversized Vehicle Parking,*" **amended** to strike the words "for work" from section 10.44.062 and to revise the maximum number of permit days to sixteen. (Vote to follow)

Mayor Pro Tem Dave Sullivan and Councilmembers Keith Bohr and Cathy Green stated reasons for their opposition to the motion at hand.

Councilmember Cook suggested amendments concerning overnight parking definitions and a maximum on the number of continuous days permits may be used. The maker and the second to the motion declined the suggested amendments.

After the City Clerk read by title, the motion to approve for introduction Ordinance No. 3699, **as amended** carried by the following roll call vote:

A motion was made by Coerper, second Cook to receive and file information on membership in the Orange County Division of the League of California Cities and to authorize the City Administrator to pay the dues. The motion carried by the following roll call vote:
