PUBLIC HEARING

11. Approved the De-Certification of EIR No. 10-003 (Beach and Warner Mixed Use Project)

City Manager Wilson introduced the item and deferred to staff for a report.

Associate Planner Rosemary Medel presented details of the report addressing background, previous certification of the EIR by Council, project site and subsequent withdrawal from the project of one of the property owners. She indicated that Decron has disclosed that they do not intend to rely on the EIR for future development; therefore, the City Attorney and staff recommend that the EIR be de-certified and noted that it will not impact future CEQA analysis. She presented recommendations as stated in the report.

Mayor Pro Tem Harper noted that he voted against certification of the EIR and wondered if that affects his ability to vote on this item.

City Attorney Jennifer McGrath stated that it does not.

Mayor Boardman opened the Public Hearing and invited interested parties to address the Council on this matter.

Shiry Tannenbaum, Connor, Fletcher and Williams, LLP, Counsel for Ocean View School District, highlighted items for Council consideration including support by the School District of the de-certification of the EIR. She reported that the School District requests the City modify the public record to reflect the School District's action against the City to de-certify the EIR as the

catalyst motivating the City to do so. She stated that the City's materials do not mention the on-going litigation against it and that the School District has focused its efforts over the last year-and-a-half to have the City de-certify the EIR and their belief that the City's recommendation to de-certify the EIR is an attempt to resolve the on-going litigation. Ms. Tannenbaum stated just because the City intends to de-certify the EIR does not mean that the School District's action against the City will dissipate and that the School District is open to resolving this matter when it has the City's commitment that it will make the School District whole for its attorney fees and other costs and expenses incurred in bringing the action forward. (00:58:16)

There being no others wishing to address Council, Mayor Boardman closed the Public Hearing.

A motion was made by Councilmember Hardy, second by Councilmember Shaw to approve the de-certification of EIR No. 10-003 with findings for approval.

In response to an inquiry from Councilmember Carchio, City Attorney McGrath reported that the City itself processed the EIR to provide an incentive for development and since the applicant will not rely on the document and one of the property owners has withdrawn, the present action is a de-certification of the City's EIR.

AYES: Sullivan, Hardy, Harper, Boardman, Carchio, Shaw, Katapodis
NOES: None

It was noted that upon completion of various projects CDBG funds remain and are being requested to complete the Keelson Lane project.
