PUBLIC COMMENTS:

C-1. Council Committee/Council Liaison Reports**C-1a. (City Council) Approve Removal of City Owned Surplus Parcel of Land (Located Next to Irby Park) from List of Parcels for Possible Sale for the Purpose of Pursuing Urban Run Off Treatment Grant Funding (.)**

Communication from Mayor Connie Boardman, on behalf of the Economic Development Committee transmitting the following **Statement of Issue**: On July 14, 2003, the Council's Economic Development Committee reviewed information regarding the development potential of parcel of city-owned property adjacent to Irby Park. This item was presented by the Public Works Department in response to a local developer's interest in developing part of the site for housing and using a portion of the site to treat run off from the neighborhood.

Previously, on August 27, 2001, the City Council had provided direction to staff regarding the sale of excess city and Redevelopment Agency owned parcels. At that time, the surplus portion of the Irby Park site was listed as a property to remain in the city's inventory and reserved for a possible Public Works project like the urban runoff natural treatment system. However, it was noted at the time that these second tier parcels might be reviewed again for possible sale in the future.

Following the staff presentation and discussion, with Council Member Cook and me in attendance, the Economic Development Committee voted to remove the property from the list of possible surplus property sales. We wish to preserve this property in city ownership to continue to explore the idea of using this undeveloped area of Irby Park as an area to naturally treat run off from the Wintersburg Flood Control Channel, rather than just the immediate neighborhood.

We also discussed the necessity of a Measure C vote by the people of the City if this land were ever to be sold and developed for housing.

The recommendation of the Economic Development Committee is to remove the City owned parcel of land next to Irby Park for the list of parcels for possible sale, so that staff can pursue funding to use the land to treat urban run off.

Recommended Action:

To approve a motion to remove the City owned parcel of land next to Irby Park from the list of parcels for possible sale, so that staff can pursue grant funding to use the land to treat urban run off.
