CONDITIONAL USE PERMIT NO. 10-031 WAS APPROVED BY THE ZONING ADMINISTRATOR WITH THE FOLLOWING FINDINGS AND CONDITIONS OF APPROVAL. STAFF STATED THAT THE ACTION TAKEN BY THE ZONING ADMINISTRATOR MAY BE APPEALED TO THE PLANNING COMMISSION WITHIN TEN (10) CALENDAR DAYS.

FINDINGS FOR PROJECTS EXEMPT FROM CEQA:

The Zoning Administrator finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to section 15301 of the CEQA Guidelines, because the project consists of minor alterations to an existing commercial building involving no expansion in the overall floor area of the structure.

FINDINGS FOR APPROVAL - CONDITIONAL USE PERMIT NO. 10-031:

1. Conditional Use Permit No. 10-031 to permit the sales and service of alcoholic beverages for on-site consumption within (a) an existing 5,000 sq. ft. restaurant and 900 sq. ft. outdoor dining area (Mama's on 39 Restaurant) and (b) an existing 3,450 sq. ft. restaurant and an approximately 400 sq. ft. outdoor dining area (Malibu Fish Grill Restaurant) will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood. The proposed sales of alcohol within the restaurant and outdoor dining area are not anticipated to generate additional noise, traffic, or other impacts detrimental to surrounding properties and inconsistent with the subject properties' Beach and Edinger Corridors Specific Plan (SP 14) zoning. The main entrances of the restaurants and outdoor dining areas are oriented toward Beach Boulevard and Atlanta Avenue, away from residential uses located to the south and east of the subject site. The outdoor dining area shall be enclosed by a minimum 3 ft. high wall/fence. Residential uses are adequately buffered from the restaurants and outdoor dining areas by two adjoining roadways (Atlanta Avenue and Beach Boulevard) which provide a minimum 100 ft. separation, including a 110 ft. separation across an adjacent flood control channel to the east and a 900 ft. separation to the south.
2. The conditional use permits will be compatible with surrounding uses because the onsite sale and consumption of alcohol will be ancillary to a restaurant use and occur entirely within the building and outdoor dining area within an established commercial shopping center containing similar and complementary uses. The onsite alcoholic sales and consumption represents a negligible expansion of a restaurant use.
3. The proposed conditional use permits will comply with the provisions of the base district of SP 14 (Beach and Edinger Corridors Specific Plan—Neighborhood Center) and other

applicable provisions in Titles 20-25 of the Huntington Beach Zoning and Subdivision Ordinance. Alcohol sales are permitted within SP 14 zoning district with approval of a conditional use permit. The restaurant and outdoor dining area with alcohol sales will be located at an existing shopping center, which conforms to applicable site development standards in terms of minimum yard setbacks and minimum landscaping, and maximum floor area ratio.

4. The granting of the conditional use permit will not adversely affect the General Plan. It is consistent with the Land Use Element designation of M-sp-d (Mixed Use—Specific Plan Overlay—Design Overlay) on the subject property. In addition, it is consistent with the following policy and objective of the General Plan:

A. Land Use Element

Goal LU 7 Achieve a diversity of land uses that sustain a City's economic viability, while maintaining the City's environmental resources and scale and character.

Objective LU 10.1: Provide for the continuation of existing and the development of a diversity of retail and service commercial uses that are oriented to the needs of local residents, serve the surrounding region, and capitalize on Huntington Beach's recreational resources.

Goal LU 11 Achieve the development of projects that enable residents to live in proximity to their jobs, commercial services, and entertainment, and reduce the need for automobile use.

B. Economic Development Element

Policy ED 2.4.3: Encourage the expansion of the range of goods and services provided in Huntington Beach to accommodate the needs of all residents in Huntington Beach and the market area.

The proposed uses increase the economic viability of the establishments by offering the sales and service of alcoholic beverages. The proposed uses will market its services to local residents and residents in the surrounding region thereby expanding the service-based commercial opportunities in the City. The uses will be located within an existing shopping center, which includes service related uses.
