FINDING FOR CEQA:

The Planning Commission finds that the project is covered by Supplemental Environmental Impact Report (SEIR) No. 82-02, and certified by the City Council on August 15, 1988, as well as, Addendum to SEIR No. 82-02 dated March 5, 2012, pursuant to the provisions of the California Environmental Quality Act.

FINDINGS FOR APPROVAL - DEVELOPMENT AGREEMENT NO. 11-002:

The Minor Amendment to permit a 5 year extension of time to The Waterfront Development Agreement is consistent with the General Plan Land Use Map designation on the subject property of CV-F7-sp (Commercial Visitor – 3.0 Floor Area Ratio – specific plan overlay). The proposed project is consistent with this designation and the goals, policies, objectives, and implementation program of the City's General Plan as follows:

A. Land Use Element

Goal LU 1: Achieve development that maintains or improves the City's fiscal viability and reflects economic demands while maintaining and improving the quality of life for the current and future residents of Huntington Beach.

Goal LU 7: Achieve a diversity of land uses that sustains the City's economic viability, while maintaining the City's environmental resources and scale and character.

Goal LU 7.1: Accommodate the development of a balance of land uses that (a) provides for the housing, commercial, employment, educational, cultural, entertainment, and recreation needs of existing and future residents, (b) provides employment for residents of the City and surrounding sub-region, (c) captures visitor and tourist activity, and (d) provides open space and aesthetic "relief" from urban development.

Goal LU11: Achieve the development of projects that enable residents to live in proximity to their jobs, commercial services, and entertainment, and reduce the need for automobile use.

Implementation Program I-LU 7: Where appropriate, the City may use Development Agreements as binding implementation tools. Development Agreements are authorized by State law to enable a city to enter into a binding contract with a developer that assures the city as to the type, character, and quality of development and additional "benefits" that may be contributed and assures the developer that the necessary development permits will be issued regardless of changes in regulations.

B. Economic Development Element

Goal - ED 1: Provide economic opportunities for present and future Huntington Beach residents and businesses through employment and local fiscal stability.

Objective - ED 1.1: Enhance the City's market potential in terms of retail, office, industrial, and visitor serving activity. This would allow Huntington Beach to provide for retail, office, and industrial opportunities that serve the current and projected population and enhance sales and occupancy tax revenue.

Goal - ED 1.2: Seek to create a cumulative economic growth that provides a balance throughout the community.

Objective - ED 3: Enhance Huntington Beach's economic development potential through strategic land use planning and sound urban design practices.

C. Urban Design Element

Policies UD 1.1.2: Reinforce Downtown as the City's historic center and as a pedestrian-oriented commercial and entertainment/recreation district by requiring new development be designed to reflect the Downtown's historical structures and adopted Mediterranean theme

Policies - UD 1.4.1: Enhance the connections, where feasible between the public sidewalk and private commercial interior open spaces/courtyard

D. Coastal Element

Policy C 1.1.4: Where feasible, locate visitor-serving commercial uses in existing developed areas or at selected points of attraction for visitors.

Goal C 3: Provide a variety of recreational and visitor-serving commercial uses for a range of cost and market preferences.

Policy C 3.2.3: Encourage the provision of a variety of visitor-serving commercial establishments within the Coastal Zone, including, but not limited to, shops, restaurants, hotels and motels, and day spas.

Policy C 3.4.2: Enhance the Municipal Pier and surrounding area to function as the "hubs" of tourist and community activity.

The proposed project would expand an existing full service hotel and represents the fourth and final phase of The Waterfront master planned development. Public services and infrastructure are currently available to the project site, as well as the surrounding parcels; and is located near other established points of attraction, including the Huntington Beach Municipal Pier, and is intended to reinforce the vicinity as a major visitor-serving district. The proposed project is consistent with the goals, policies, objectives, and implementation program of the City's General Plan and the Land Use Element designation of CV (Commercial-Visitor) on the subject property. The subject property is located within Community Subarea 4D (Waterfront) and complies with the Permitted Uses (Hotels/Motels and supporting visitor-serving commercial uses (in accordance with Development Agreement)), Density/Intensity (Category: "-F7", Hotel/motel rooms: 1,690, Commercial: 75,000 square feet), and Design and Development (Category: Specific Plan ("-sp") as defined by the adopted Development Agreement). The proposed project is consistent with the existing Amended and Restated Development Agreement and the Waterfront Commercial Master Plan adopted on October 21, 1998. By extending the term of the Development Agreement, the City will continue to receive substantial benefits, including: development of an intensity or density and aesthetic quality desired by the community, additional employment opportunities, increased property and sales tax revenues, and the provision of desired public facilities. The proposed project is in substantial conformance with the Downtown Design Guidelines for public and private improvements. Concepts found

in the Downtown Design Guidelines such as: appropriate mass and form; creating a pedestrian experience; preserving views; and appropriate colors, materials and architectural features have been considered and incorporated into The Waterfront master-planned development. The proposed expansion project is consistent by providing contemporary Mediterranean architecture with arched windows, tile roofs, open walkways, and ocean view courtyards with panoramic views. The overall building forms, architectural details, colors, landscaping, and style are intended to be consistent with the existing property. The proposed expansion project provides an architectural style and site design envisioned by the Downtown Design Guidelines.

FINDINGS FOR APPROVAL - COASTAL DEVELOPMENT PERMIT NO. 09-011:

1. Coastal Development Permit No. 09-011 to permit: a) the expansion of the Hilton Waterfront Beach Resort including a nine-story tower providing a total of 156 new guestrooms with appurtenant facilities including approximately 13,700 sq. ft. of meeting space, business center, restaurants, grocery/gift store, retail/recreational services store, health spa, two pools, one level semi-subterranean parking structure with 261 parking spaces, a loading dock and other back-of-house facilities; that will host all inclusive events such as weddings, conferences, parties, meetings; b) permit dancing, live entertainment, and sale and consumption of alcoholic beverages at the restaurants, ballrooms, meeting rooms, lounges, pool deck, and function lawns; c) 100% valet parking service (no self-parking) with approximately 35% tandem parking spaces; d) permit the term of Conditional Use Permit No. 09-037/Coastal Development Permit No. 09-011/Special Permit No. 12-001 to run concurrently with the term of the Development Agreement conforms with the General Plan, including the Local Coastal Program.
2. The project is consistent with the requirements of the CZ Overlay District, the base zoning district, as well as other applicable provisions of the Municipal Code except for any special permits approved concurrently. The proposed project as conditioned provides development that is consistent with the design guidelines, and is compatible with the scale and transition of surrounding development.
3. At the time of occupancy the proposed development can be provided with infrastructure in a manner that is consistent with the Local Coastal Program. The proposed project site currently supports or will provide all necessary infrastructures to adequately service the site and not impact adjacent development.
4. The development conforms with the public access and public recreation policies of Chapter 3 of the California Coastal Act. The proposed project does not conflict with any public recreation policies and will add opportunities for access by improving pedestrian connections and creating view opportunities that are consistent with the City's General Plan, Coastal Element, Downtown Specific Plan and Waterfront Commercial Master Plan.

FINDINGS FOR APPROVAL - CONDITIONAL USE PERMIT NO. 09-037:

1. Conditional Use Permit No. 09-037 to permit: a) the expansion of the Hilton Waterfront Beach Resort including a nine-story tower providing a total of 156 new guestrooms with appurtenant facilities including approximately 13,700 sq. ft. of meeting space, business center, restaurants, grocery/gift store, retail/recreational services store, health spa, two pools, one level semi-subterranean parking structure with 261 parking spaces, a loading dock and other back-of-house facilities; that will host all inclusive events such as weddings,

conferences, parties, meetings; b) permit dancing, live entertainment, and sale and consumption of alcoholic beverages at the restaurants, ballrooms, meeting rooms, lounges, pool deck, and function lawns; c) 100% valet parking service (no self-parking) with approximately 35% tandem parking spaces; d) permit the term of Conditional Use Permit No. 09-037/Coastal Development Permit No. 09-011/Special Permit No. 12-001 to run concurrently with the term of the Development Agreement will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood. The project has been evaluated for compatibility with the surrounding neighborhood and with the conditions of approval imposed, the project will be designed to address the transition and scale of adjacent properties, be designed on a pedestrian scale and character, and will provide the required parking to serve the uses on site.

2. The conditional use permit will be compatible with surrounding uses because the project is designed with a contemporary Mediterranean architectural theme which is compatible with the Downtown Design Guidelines and the existing uses. The proposed expansion will provide architectural elements and features to enhance the pedestrian character and scale of the street scene surrounding the project. In addition, the project incorporates the proper massing and scale, the design features of the Mediterranean architectural style and the colors and materials recommended by the Design Guidelines for the Downtown.
3. The proposed hotel expansion will comply with the provisions of the base district and other applicable provisions in Titles 20-25 of the Huntington Beach Zoning and Subdivision Ordinance. The proposed project as conditioned and with the special permits provides a development that is consistent with the design guidelines, is compatible with the scale and transition of surrounding development, and provides consistent public improvements.
4. The granting of the conditional use permit will not adversely affect the General Plan. It is consistent with the General Plan Land Use Map designation on the subject property of CV-F7-sp (Commercial Visitor – 3.0 Floor Area Ratio – specific plan overlay). The proposed project is consistent with this designation and the goals, policies, objectives, and implementation program of the City's General Plan as follows:

A. Land Use Element

Goal LU 1: Achieve development that maintains or improves the City's fiscal viability and reflects economic demands while maintaining and improving the quality of life for the current and future residents of Huntington Beach.

Goal LU 7: Achieve a diversity of land uses that sustains the City's economic viability, while maintaining the City's environmental resources and scale and character.

Goal LU 7.1: Accommodate the development of a balance of land uses that (a) provides for the housing, commercial, employment, educational, cultural, entertainment, and recreation needs of existing and future residents, (b) provides employment for residents of the City and surrounding sub-region, (c) captures visitor and tourist activity, and (d) provides open space and aesthetic "relief" from urban development.

Goal LU 11: Achieve the development of projects that enable residents to live in proximity to their jobs, commercial services, and entertainment, and reduce the need for automobile use.

Implementation Program I-LU 7: Where appropriate, the City may use Development Agreements as binding implementation tools. Development Agreements are authorized by State law to enable a city to enter into a binding contract with a developer that assures the city as to the type, character, and quality of development and additional "benefits" that may be contributed and assures the developer that the necessary development permits will be issued regardless of changes in regulations.

B. Economic Development Element

Goal - ED 1: Provide economic opportunities for present and future Huntington Beach residents and businesses through employment and local fiscal stability.

Objective - ED 1.1: Enhance the City's market potential in terms of retail, office, industrial, and visitor serving activity. This would allow Huntington Beach to provide for retail, office, and industrial opportunities that serve the current and projected population and enhance sales and occupancy tax revenue.

Goal - ED 1.2: Seek to create a cumulative economic growth that provides a balance throughout the community.

Objective - ED 3: Enhance Huntington Beach's economic development potential through strategic land use planning and sound urban design practices.

C. Urban Design Element

Policies UD 1.1.2: Reinforce Downtown as the City's historic center and as a pedestrian-oriented commercial and entertainment/recreation district by requiring new development be designed to reflect the Downtown's historical structures and adopted Mediterranean theme

Policies - UD 1.4.1: Enhance the connections, where feasible between the public sidewalk and private commercial interior open spaces/courtyard

D. Coastal Element

Policy C 1.1.4: Where feasible, locate visitor-serving commercial uses in existing developed areas or at selected points of attraction for visitors.

Goal C 3: Provide a variety of recreational and visitor-serving commercial uses for a range of cost and market preferences.

Policy C 3.2.3: Encourage the provision of a variety of visitor-serving commercial establishments within the Coastal Zone, including, but not limited to, shops, restaurants, hotels and motels, and day spas.

Policy C 3.4.2: Enhance the Municipal Pier and surrounding area to function as the "hubs" of tourist and community activity.

The proposed project would expand an existing full service hotel and represents the fourth and final phase of The Waterfront master planned development. Public services

and infrastructure are currently available to the project site, as well as the surrounding parcels; and is located near other established points of attraction, including the Huntington Beach Municipal Pier, and is intended to reinforce the vicinity as a major visitor-serving district. The proposed project is consistent with the goals, policies, objectives, and implementation program of the City's General Plan and the Land Use Element designation of CV (Commercial-Visitor) on the subject property. The subject property is located within Community Subarea 4D (Waterfront) and complies with the Permitted Uses (Hotels/Motels and supporting visitor-serving commercial uses (in accordance with Development Agreement)), Density/Intensity (Category: "-F7", Hotel/motel rooms: 1,690, Commercial: 75,000 square feet), and Design and Development (Category: Specific Plan ("-sp") as defined by the adopted Development Agreement). The proposed project is consistent with the existing Amended and Restated Development Agreement and the Waterfront Commercial Master Plan adopted on October 21, 1998. By extending the term of the Development Agreement, the City will continue to receive substantial benefits, including: development of an intensity or density and aesthetic quality desired by the community, additional employment opportunities, increased property and sales tax revenues, and the provision of desired public facilities. The proposed project is in substantial conformance with the Downtown Design Guidelines for public and private improvements. The proposed expansion project is consistent by providing contemporary Mediterranean architecture with arched windows, tile roofs, open walkways, and ocean view courtyards with panoramic views. The overall building forms, architectural details, colors, landscaping, and style are intended to be consistent with the existing property. The proposed expansion project provides an architectural style and site design envisioned by the Downtown Design Guidelines.

FINDINGS FOR APPROVAL – SPECIAL PERMITS 12-001:

1. The granting of Special Permits (pursuant to Section 4.1.02 of the DTSP) in conjunction with Conditional Use Permit No. 09-037/Coastal Development Permit No. 09-011 is for the following:
 - a. To permit a combination of landscaping materials including: trees and plants and decorative hardscape (paving for the secondary driveway) treatments within the minimum 20 ft. building setback area fronting Pacific View Avenue in lieu of the setback entirely landscaped.
 - b. To permit the encroachment of structures exceeding 42 inches in height into the minimum perimeter setback areas including: glass windscreens, landscape retaining walls along Pacific Coast Highway, exterior exit stair at Twin Dolphin Drive, and an enclosure for Edison equipment at Pacific Avenue.
 - c. To permit approximately 21% of the parking stalls with less than the required 3 ft. clearance to adjacent walls or columns.
 - d. To permit a 13% maximum ramp slope within the parking garage in lieu of 10%.

These Special Permits result in a greater benefit from the project and will promote a better living environment because it provides for enhanced building site orientation and access while maintaining an attractive pedestrian-level experience, allows for various encroachments for greater design flexibility, and provides for relief of parking space

development requirements for more efficient valet-only semi-subterranean parking and circulation.

2. The granting of Special Permits will provide better land planning techniques with maximum use of aesthetically pleasing types of architecture, landscaping, site layout and design due to the use of more efficient and appropriate site planning by placing buildings to enhance views, the use of Mediterranean architecture, the incorporation of semi-subterranean parking, and overall compatibility with the overall design theme of The Waterfront master planned development.
3. The granting of Special Permits will not be detrimental to the general health, welfare, safety, and convenience of the neighborhood or City in general, nor detrimental or injurious to the value of property or improvements of the neighborhood or of the City in general. The project has been evaluated for compatibility with the Downtown Specific Plan and Waterfront Commercial Master Plan and with the conditions of approval imposed, the project is designed appropriately and cognizant of adjacent properties, designed with a high-level of pedestrian scale amenities and visual experiences, will provide the required parking to serve the uses on site, and will meet the goals and policies of the General Plan.
4. The granting of Special Permits will be consistent with objectives of the Downtown Specific Plan in achieving a development adapted to the terrain and compatible with the surrounding environment. The proposed development complies with the purpose, permitted uses, and site development requirements of District No. 9, Commercial/Recreation. The project will comply with the development standards set forth by the base zoning district in terms of maximum density, maximum height, maximum site coverage, minimum setbacks, minimum open space, and minimum onsite parking and provisions found within the Waterfront Commercial Master Plan.
5. The granting of Special Permits will be consistent with the policies of the Coastal Element of the City's General Plan and the California Coastal Act. The project is consistent with the following Coastal Element goal and policies:

Policy C 1.1.4: Where feasible, locate visitor-serving commercial uses in existing developed areas or at selected points of attraction for visitors.

Goal C 3: Provide a variety of recreational and visitor-serving commercial uses for a range of cost and market preferences.

Policy C 3.2.3: Encourage the provision of a variety of visitor-serving commercial establishments within the Coastal Zone, including, but not limited to, shops, restaurants, hotels and motels, and day spas.

Policy C 3.4.2: Enhance the Municipal Pier and surrounding area to function as the "hubs" of tourist and community activity.

The proposed project would expand an existing full service hotel and represents the fourth and final phase of The Waterfront master planned development. Public services and infrastructure are currently available to the project site, as well as the surrounding parcels; and is located near other established points of attraction, including the Huntington Beach Municipal Pier, and is intended to reinforce the vicinity as a major visitor-serving district.

10. Incorporating sustainable or "green" building practices into the design of the proposed structures and associated site improvements is highly encouraged. Sustainable building practices may include (but are not limited to) those recommended by the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Program certification (<http://www.usgbc.org/DisplayPage.aspx?CategoryID=19>) or Build It Green's Green Building Guidelines and Rating Systems (<http://www.builditgreen.org/index.cfm?fuseaction=guidelines>). Prior to submittal for building permits, the following shall be completed:

INDEMNIFICATION AND HOLD HARMLESS CONDITION:

The owner of the property which is the subject of this project and the project applicant if different from the property owner, and each of their heirs, successors and assigns, shall defend, indemnify and hold harmless the City of Huntington Beach and its agents, officers, and employees from any claim, action or proceedings, liability cost, including attorney's fees and costs against the City or its agents, officers or employees, to attack, set aside, void or annul any approval of the City, including but not limited to any approval granted by the City Council, Planning Commission, or Design Review Board concerning this project. The City shall promptly notify the applicant of any claim, action or proceeding and should cooperate fully in the defense thereof.

B-2a. ENVIRONMENTAL IMPACT REPORT NO. 10-009 (SKATE PARK PROJECT)

Applicant: VF Outdoor, Inc. **Property Owner:** City of Huntington Beach
Request: To analyze the potential environmental impacts associated with the implementation of the proposed skate park project that includes a 14,000 sq. ft. skate plaza area, a 13,000 sq. ft. skate bowl area, a 3,500 sq. ft. skate shop/concession/restroom building, a 15,000 sq. ft. turf/walking area, a 480 sq. ft. restroom structure, and a 200 sq. ft. entrance kiosk. The main parking lot (approximately 27 spaces) is accessed from Center Avenue and a secondary parking area (approximately 39 spaces), which is used only for special events, is accessed from McFadden Avenue. The project includes up to 15 special event days throughout the year, expected to draw between 300 to 2,500 spectators with overflow parking located at the Huntington Beach Sports Complex. In order to allow for potential future development of a transit stop, the proposed project includes a 20-foot wide by 300-foot long "transit reserve area" at the southeast

corner of the site. **Location:** 7461 Center Avenue, Huntington Beach, CA 92647 (2.7-acre vacant site on Center Avenue, approximately 500 ft. east of Gothard Street) **Project Planner:** Tess Nguyen

STAFF RECOMMENDATION: Motion to: "Certify EIR No. 10-009 as adequate and complete in accordance with CEQA requirements by approving Resolution No. 1660 (Attachment No. 1)."

B-2b. GENERAL PLAN AMENDMENT NO. 11-002/ZONING TEXT AMENDMENT NO. 11-002 (SKATE PARK PROJECT) Applicant: VF Outdoor, Inc. **Property Owner:** City of Huntington Beach **Request:** **GPA:** To amend the Housing Element: 1) to remove the reference to the project site on Page IV-16; 2) to remove Site #5 from Table IV-7 (Sites for Potential Rezoning to Exclusively Residential Use) on Page IV-17; and 3) to remove the discussion of Site #5 on Page IV-18. **ZTA:** To amend the Beach and Edinger Corridors Specific Plan to remove the "Residential Required" designation (yellow dashed lines) from the subject property. **Location:** 7461 Center Avenue, Huntington Beach, CA 92647 (2.7-acre vacant site on Center Avenue, approximately 500 ft. east of Gothard Street) **Project Planner:** Tess Nguyen

STAFF RECOMMENDATION: Motion to:

- A. "Approve General Plan Amendment No. 11-002 by approving the draft City Council Resolution (Attachment No. 1) and forward to the City Council for adoption."
- B. "Approve Zoning Text Amendment No. 11-002 with findings for approval (Attachment No. 2) and forward the draft ordinance (Attachment No. 3) to the City Council for adoption."
- C. "Approve CEQA Findings of Fact with a Statement of Overriding Considerations – EIR No. 10-009 (Attachment No. 7)."

The Commission made the following disclosures:

- Commissioner Shier Burnett has visited the site and attended the study session.
- Commissioner Peterson has visited the site, visited other skate parks, and spoken with Ron Abdel Fattah.
- Vice Chair Bixby has attended the study session, visited the site, attended the public comment meeting, spoken with staff, visited the alternate site, and visited other skate parks.
- Chair Mantini has visited the site, visited the alternate site, and attended the study session.
- Commissioner Delgleize has visited the site, attended the study session, and spoken with skateboarders.
- Commissioner Ryan has visited the site and attended the study session.

Tess Nguyen, Associate Planner, gave the staff presentation and an overview of the project.

There was a brief discussion regarding exceptions to the noise ordinance.

Vice-Chair Bixby asked staff if permit parking for neighboring residents has been explored. Dave Cook, PCR, stated that permit parking would need to be discussed with the City of Westminster. There was a brief discussion regarding the potential parking impacts.

There was a brief discussion regarding the potential fair share traffic impacts.

THE PUBLIC HEARING WAS OPENED.

Steve Van Dorn, Vans, spoke in support of Item No. B-2 (with 4 minutes donated by Ron Abdel Fattah).

Joe Ciaglia, applicant, spoke in support of Item No. B-2 (with 4 minutes each donated by Kristy Van Dorn and Jamal Abdelmuti) noting that the goal is to create a world class skate park to serve the community.

Dakota Roche, resident, spoke in support of Item No. B-2, noting that different sports facilities are located throughout the city for the community and this would serve the same function. He stated that the lack of a skate park is an issue for the kids in the community.

WITH NO ONE PRESENT TO SPEAK, THE PUBLIC HEARING WAS CLOSED.

Commissioner Peterson indicated that he supported the project and preferred the proposed site to the alternate site.

Vice-Chair Bixby expressed concern with the potential noise and parking impacts. There was a brief discussion regarding exceeding the noise ordinance. He stated that he considered the alternative site to be the superior site.

Commissioner Delgleize stated that she would be in favor of the project.

Commissioner Shier Burnett stated that she felt the EIR was adequate and that she would vote in favor of the project.

Chair Mantini stated that she felt the EIR did not adequately analyze the potential parking and noise impacts.

FINDINGS FOR APPROVAL – ZONING TEXT AMENDMENT NO. 11-002:

1. Zoning Text Amendment No. 11-002 amends the Beach and Edinger Corridors Specific Plan (BECSP) Town Center – Neighborhood segment to remove the “Residential Required” designation (yellow dashed lines) from the Skate Park Project site. Although the “Residential Required” designation is removed, a range of allowable uses would remain for the Town Center – Neighborhood segment, including housing, and the subject request does not change the allowed density of the site. The proposed change will be consistent with the objectives, policies, general land uses and programs specified in the City’s General Plan because the allowable uses will sustain the City’s economic viability and provide for the commercial, employment, educational, cultural, entertainment, and recreation needs of existing and future City residents and visitors. The loss of the site for potential housing is offset by seven other candidate sites that could be rezoned for housing only as identified in General Plan Amendment No. 11-002.
2. In the case of general land use provisions, the proposed change is compatible with the uses authorized in, and the standards prescribed for, the zoning district for which it is proposed.

Zoning Text Amendment No. 11-002 will remove the "Residential Required" designation for the project site. However, a range of allowable uses would remain for the project site in the Town Center – Neighborhood segment of the BECSP. Those land uses allow for mixed-use developments consistent with the General Plan.

3. A community need is demonstrated for the change proposed. Zoning Text Amendment No. 11-002 will facilitate the development of a public skate park to provide additional recreational opportunities for the community. The facility will improve the City's fiscal viability by stimulating tourism and increasing tax revenues in conjunction with the skate park special events. The skate park will be developed with a high quality architectural and landscape design to complement a diversity of surrounding uses and developments, particularly along the Center Avenue corridor. In addition, the City has adequate other sites that can accommodate housing to address the City's share of regional housing needs.
4. Its adoption will be in conformity of public convenience, general welfare and good zoning practice because Zoning Text Amendment No. 11-002 will facilitate the development of a public skate park that contributes to the livability of the surrounding areas by meeting the recreational needs of residents and visitors and is already a permitted use in the Town Center-Neighborhood district. The proposed change to not require residential on the site will result in rezoning of other parcels in the BECSP for residential only. Residential uses are already permitted in all BECSP districts and therefore would be consistent with established zoning.
