**AN AMENDED MOTION WAS MADE BY PINCHIFF, SECONDED BY FRANKLIN, TO APPROVE TEMPORARY USE PERMIT NO. 13-002 AND SPECIAL PERMIT NO. 13-002 WITH SUGGESTED FINDINGS AND MODIFIED CONDITIONS OF APPROVAL, BY THE FOLLOWING VOTE:**

**AYES: Dingwall, Posey, Kalmick, Franklin, Pinchiff**  
**NOES: Bixby**  
**ABSTAIN: None**  
**ABSENT: Peterson**

**MOTION APPROVED**

**FINDINGS FOR PROJECTS EXEMPT FROM CEQA:**

The Planning Commission finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to section 15311 of the CEQA Guidelines, because the project consists of a temporary use of land appurtenant to an existing commercial facility that will have negligible or no permanent effects on the environment.

**FINDINGS FOR APPROVAL – TEMPORARY USE PERMIT NO. 13-002:**

1. The granting of the temporary use permit and special permit will not adversely affect the General Plan. It is consistent with the Land Use Element designation of M->30-sp-pd (Mixed Use – >30 du/ac – specific plan overlay – pedestrian overlay) on the subject property. In addition, it is consistent with the following objective, policy, and goal of the City's General Plan as follows:

*Objective LU 15.2:* Promote the establishment of commercial and mixed-use districts characterized by high levels of pedestrian activity.

*Policy LU 15.2.2:* Require that uses in the Pedestrian Overlay District be sited and designed to enhance and stimulate pedestrian activity along the sidewalks. Assure that areas between building storefronts and public sidewalks are visually and physically accessible to pedestrians.

Goal C 1.1.4: Where feasible, locate visitor-serving commercial uses in existing developed areas or at selected points of attraction for visitors.

The proposed use allows HSS to promote visitor-serving seasonal retail items on a temporary basis, which in turn helps to sustain the economic viability and promote pedestrian activity within the Downtown shopping district. The proposed sales area will be sited to maintain adequate clearance for pedestrian circulation and visibility.

2. Approval of the application for the proposed temporary use and special permit will not be detrimental to property or improvements in the surrounding area or to the public health, safety or general welfare. Proposed sales events will occur within the plaza area adjacent to the applicant's storefront and will be sited to prevent interference with use of the surrounding area. The temporary use permit and special permit is conditioned to ensure that adequate public, disabled, and emergency access will be maintained; and, to ensure that the operation and design is orderly and aesthetically pleasing fostering a family-friendly atmosphere.

#### **FINDINGS OF APPROVAL – SPECIAL PERMIT NO. 13-002:**

1. The granting of a Special Permit pursuant to Section 2.5.6 of the Downtown Specific Plan in conjunction with Temporary Use Permit No. 13-002 is for the following:

- a) outdoor display areas and sales within the plaza area in lieu of a maximum depth of 15 ft. perpendicular to the storefront
- b) lighted canopies/merchandise in lieu of unlit canopies/merchandise.

This Special Permit results in a greater benefit from the project and will promote a better living environment because the storefront is adjacent to a large plaza area. This area lends itself to a larger display and sales area to activate and provide a lively and stimulating pedestrian node, and greater benefits from the project are provided than if the maximum depth of 15 ft. were met. Additionally, the proposal to include light within one row of canopies provides additional visual interest, is attractive to the pedestrians who will utilize this area, and a greater aesthetic benefit from the project is provided than if no lights were provided.

2. The granting of a Special Permit will provide better land planning techniques with maximum use of aesthetically pleasing site layout and design due to the use of appropriately arranged tables, garment racks and canopies. The site layout promotes a vibrant pedestrian area with open-air activity while maintaining appropriate pedestrian circulation, minimum clearances and open space areas. The Special Permit allows for a larger display within the plaza area and lighted canopies to provide additional visual interest.
3. The granting of a Special Permit will not be detrimental to the general health, welfare, safety, and convenience of the neighborhood or City in general, nor detrimental or injurious to the value of property or improvements of the neighborhood or City in general. The project has been evaluated for compatibility with the surrounding neighborhood and incorporates a design that appeals to pedestrians. Outdoor sales within the plaza area with lighted canopies contribute in a positive way to the visual appearance of the community. Outdoor sales have been operating at this location in an orderly fashion for over 5 years.
4. The granting of a Special Permit will be consistent with objectives of the Downtown Specific Plan in achieving a development adapted to the terrain and compatible with the surrounding environment. Outdoor sales within the plaza area promote visitor-serving, seasonal retail items on a temporary basis, which in turn helps to sustain economic viability and promote

pedestrian activity within the Downtown shopping district. The Special Permit benefits the overall design of the project and therefore increases compatibility of the use and fosters a positive experience for the resident, tenant, customer, and visitor to the downtown area.

5. The granting of a Special Permit is consistent with the policies of the Coastal Element of the City's General Plan and the California Coastal Act. The project is consistent with applicable Coastal Element goals, objectives, and policies as noted under the Temporary Use Permit findings. Public services are currently available to the project site, as well as the surrounding parcels. The proposed Special Permit in conjunction with Temporary Use Permit No. 13-002 will comply with State and Federal Law.

**CONDITIONS OF APPROVAL – TEMPORARY USE PERMIT NO. 13-002/ SPECIAL PERMIT NO. 13-002:**
