### **Details:**

On 9/10/10 at approximately 3:54 pm, officers of the Huntington Beach Police Department responded to an injury traffic collision at the intersection of Newland Street and Lomond Drive.

From the preliminary investigation it appears a southbound blue 2001 Chevrolet Malibu, driven by a 28 year-old male Huntington Beach resident, collided with a 62 year-old male pedestrian also from Huntington Beach, who was crossing Newland Street at Lomond Drive.

The pedestrian sustained severe injuries, was treated at the scene and transported to Hoag Hospital in Newport Beach. At 4:23 pm the injured pedestrian succumbed to his injuries and was pronounced deceased.

The driver of the vehicle involved did not sustain any injuries. He was not cited at the scene and no charges have been filed at this time. The collision does not appear to be alcohol related.

The collision is still under investigation. Anyone who may have observed the collision is requested to contact Accident Investigator Robert Barr of the Huntington Beach Department at (714) 536-5666.
