FEBRUARY DONATION UPDATE

The Huntington Beach Neighborhood Watch Program (HBNW) **fiscal year** is from July 1 to June 30 each year. We have estimated we will need approximately \$24,300 this year to cover the various HBNW program expenses which include, but are not limited to, newsletter assembly, distribution costs, returned postage, mailing labels, etc. From the start of our fiscal year to now, we have received **\$9,663.00 in donations and newsletter advertisements- we have \$14,637.00 to go by June 30, 2016.** The HBNW Board thanks you and our advertisers for your support and generous donations. An \$8 donation pays for each subscriber's distribution costs; a \$10 donation helps with these costs and other needed expenses and puts your name in the Newsletter as a contributor; and a \$25 or more donation accomplishes the above, plus you will receive a HBNW sticker and a token of appreciation. Remember, HBNW is a non-profit organization; **donations are tax deductible.**

As a resident of the city, we encourage you to review the HBNW program budget and expenses.

We strongly suggest you sign up to receive your Newsletter either **electronically** or through the mail. **The Newsletter has valuable crime prevention information and crime statistics.** Donations are not necessary to receive the Newsletter, but if you wish to make a donation, please make your check payable to:

VOLUNTEERS IN POLICE SERVICES PROGRAM

Charley Cox

Thank you for the service you provided and the sacrifices you made to help keep us and your community safe.

You will be deeply missed.

April is Sexual Assault Awareness Month

Help show your support to the survivors of this crime and help bring awareness and education about this least reported crime. We have a responsibility to let survivors know that no matter what occurred it is not their fault and we will support them.

Please stop by the Huntington Beach Police Department front desk and pick up a teal ribbon to wear throughout the month of April to show your support for survivors. The 1 in 5 women and 1 in 71 men that experience rape may be someone you know. We must all work together to help end this.

CALCASA- California Coalition Against Sexual Assault Statistics

- A lifetime sexual assault prevalence rate of 18.3% of women and 1.4% of men; meaning that almost 1 in 5 women and 1 in 71 men experiences rape in the span of their lifetime.
- 44.6% of women (almost 1 in 2) and 22.2% of men (1 in 5) have experienced sexual violence other than rape in their lifetime (includes being made to penetrate someone, sexual coercion, unwanted sexual contact, and unwanted non-contact sexual experiences).
- 13% of women and 6% of men have experienced sexual coercion (unwanted sexual penetration after being pressured in a nonphysical way).
- 27.2% of women and 11.7% of men have experienced unwanted sexual contact.
- Most rapes are committed by intimate partners (51.1% for women) or acquaintances (40.8% for women, 52.4% for men).
- 79.6% of female victims of rape experienced their first rape before age 25, with 42.2% before the age of 18.
- 27.8% of male victims experienced their first rape by the age of 10.
- An estimated 1.3 million women were raped in the 12 months prior to the survey.
- State level estimates found that the lifetime prevalence of rape among women in California is 14.6% (or 2,024,000).
- California lifetime prevalence of sexual violence *other than* rape (including sexual coercion, unwanted sexual contact, sexual harassment among women is 40.7% (or 5,634,000).
- California lifetime prevalence of sexual violence *other than* rape among men is 22.1% (or 3,015,000).

HAVE YOU BEEN SEXUALLY ASSAULTED?

(from Secure Horizons)

Sexual assault is a crime.

- It is not your fault.
- Submitting does not mean consent.
- Sexual assault is always a crime, even if you were drunk, high, or unconscious, and even if your partner or spouse committed the assault.

If you have been sexually assaulted:

- Take care of yourself. Seek medical attention even if you don't think you were hurt.
- Get medical attention before showering or bathing so that physical evidence can be collected. Though you may not feel ready to press charges, evidence can be preserved.
- Healing takes time. You may feel physical and emotional pain today, even if the assault happened years ago.
- It's never too late to reach out for support. Talk to someone you trust or call the Rape Crisis Hotline.

YOU ARE NOT ALONE- RAPE CRISIS HOTLINE: (714) 957-2737

Jeans for Justice Day Wednesday, April 27, 2016

Denim Day is an event in which people are encouraged to wear jeans (denim) in order to raise awareness of [rape](#) and [sexual assault](#).

Background : In Rome in 1997, a 45-year-old driving instructor was accused of rape. When he picked up an 18-year-old girl for her first driving lesson, he allegedly raped her for an hour, then told her that if she was to tell anyone he would kill her. Later that night she told her parents and her parents agreed to help her press charges. While the alleged rapist was convicted and sentenced, the Italian Supreme Court overturned the conviction in 1998 because the victim wore tight jeans. It was argued that she must have necessarily have had to help her attacker remove her jeans, thus making the act consensual ("because the victim wore very, very tight jeans, she had to help him remove them... and by removing the jeans... it was no longer rape but consensual sex"). The Italian Supreme Court stated in its decision "it is a fact of common experience that it is nearly impossible to slip off tight jeans even partly without the active collaboration of the person who is wearing them." As of 2008, the Italian Supreme Court has overturned their findings, and there is no longer a "denim" defense to the charge of rape.

Reaction: This ruling sparked widespread protest. The day after the decision, women in the Italian Parliament protested by wearing jeans and holding placards that read "Jeans: An Alibi for Rape." As a sign of support, the California Senate and Assembly followed suit. Soon Patricia Giggans, Executive Director of the Los Angeles Commission on Assaults Against Women, (Now Peace Over Violence), made Denim Day an annual event. As of 2011, at least 20 U.S. states officially recognize Denim Day in April. Wearing jeans on this day has become an international symbol of protest against erroneous and destructive attitudes about sexual assault.

On April 27th, 2016, wear jeans with a purpose, support survivors, and educate yourself and others about sexual assault.

WEAR JEANS IN SUPPORT OF JUSTICE

Coyote Incident Reporter- Online Reporting Now Available

The City of Huntington Beach has adopted a Coyote Management Plan. The goal of the plan is to support coexistence with urban coyotes using education, behavior modification, and development of a tiered response to aggressive coyote behavior. To reach this goal, the City has developed three primary strategies: public education, enforcement of laws and regulations prohibiting the feeding of wildlife, and appropriate tiered responses to coyote and human interactions. These strategies require active participation on the part of the entire community.

The City of Huntington Beach requests the community complete the on-line form to report the sighting of and/or actions of coyotes. The City will use this information to take the appropriate public safety response according to the Management Plan.

The on-line Coyote Incident Reporter reporting form can be accessed via the City's website (www.huntingtonbeachca.gov) by going to the "I Want To" link followed by the "Report" link and then the "Coyote Issue" link. The Coyote Incident Reporter link can also be found under the City's website "Web Spot-lights" section.
