Community Services Department - Enhancing Life In Our Community
We are pleased to say that the list of recyclable items keeps growing! Here is the expanded and complete list of items that are recyclable and a reminder of what goes in the Trash Cart.

Most consumer products come in some form of packaging consisting of paper, cardboard, plastic, aluminum or glass. When in doubt, if you can rip it or tear it, it can probably be recycled. There is no need to separate inserts from the newspaper, nor is there a need to wash glass jars and bottles – simply empty out any food or liquid remnants before putting them in the Blue Recycle Cart.

The only real work that should be done by you is flattening large cardboard boxes so they will properly fit into the Blue Cart.

Finally, if you are not sure if an item is recyclable, toss it in the Blue Cart. Rainbow will have the opportunity to recycle if it is possible to do so.

The City of Huntington Beach Pee Wee soccer is fun for kids and parents alike! Playing physical games gives children opportunities to develop confidence in managing movement like balancing, bending or stretching, and gives parents the opportunity to socialize while watching their little ones play! With soccer, children explore new ways to move, and learn how to control these movements safely with other children. They can develop their large movement skills, control, coordination and strength as they explore this fun, active, physical play. And soccer is not only FUN! ... it helps children to become confident in their movement skills, social skills, and to develop hand-eye and foot-eye coordination. Learn more about soccer and other ways to play in this issue of the SANDS Community Services Guide!

- **Level 4 (LS4):** Stroke Improvement: Must hold level 3 certificate or be able to perform at the equivalent skill level. Students will be introduced to the breast stroke, elementary backstroke and butterfly.
