**ORDINANCE NO. 4139
Adopted by the City Council on OCTOBER 2, 2017**

“AN ORDINANCE OF THE CITY OF HUNTINGTON BEACH AMENDING CHAPTER 10.12.080 OF THE HUNTINGTON BEACH MUNICIPAL CODE RELATING TO SPEED LIMITS”

SYNOPSIS:

The California Vehicle Code requires periodic review and updating of posted speed limits on certain streets within the City to enable the Police Department to continue to use speed-measuring devices for enforcement. Ordinance 4139 establishes updated speed limits on 90 street segments. This includes reaffirming current posted speed limits on 86 street segments and posted speed limit reduction on four street segments.

Ordinance 4139 decreases the posted speed limit on the following four street segments:

- Edinger Avenue from Bolsa Chica Street to Springdale Street – from 45 mph to 40 mph
- Indianapolis Avenue from Beach Boulevard to Newland Street – from 40 mph to 35 mph
- Parkside Lane from Edinger Avenue to Holt Drive – from 30 mph to 25 mph
- Warner Avenue from PCH to Algonquin Street – from 50 mph to 45 mph

Ordinance 4139 also corrects the speed limit posting on Hamilton Avenue between Newland Street and Magnolia Street from 45 mph to 40 mph. The previous ordinance stated a speed limit of 45 mph for the segment. The correct speed limit and current speed limit posting for this street segment is 40 mph based on engineering and traffic surveys conducted in 2015.
