## FIRE DEPARTMENT

February 10, 2020

Dear Huntington Beach Community members:

On behalf of the members of the Huntington Beach Fire Department Fire Prevention Division, we would like to thank you for supporting our outstanding community. We are deeply proud and committed to serve our City with the mission of providing professional and efficient services that create a lifetime positive difference with proactive prevention strategies.

Please assist us in this quest to validate and prioritize the importance of vigilance in managing a business that is consistent with our State and City Fire Code requirements. With the Fire Department and our business community working together, we can take vital steps in addressing the elimination of fire hazards and contributing to the overall health of our City's Fire Prevention program.

The following document titled "State & City Fire Code Requirements" has a list of common fire code violations and corrective action. We are requesting that you, as the primary fire safety manager of your business, exercise continuous efforts to enforce these safeguards in the workplace.

I have had the privilege of serving with the Huntington Beach Fire Department for over 25 years and I can say without a doubt that you have a well-trained and dedicated fire/rescue service ready to serve and protect at a moment's notice. Whether you are in need of emergency assistance or just have a question or concern, the men and women that comprise the Huntington Beach Fire Department stand at the ready to help. Working towards building a safer community and maximizing protection in the workplace starts with you. Please join me in making a positive difference by preventing emergencies before they occur.

If you have any questions or require technical assistance, please contact the Huntington Beach Fire Department's Fire Prevention Division at (714) 536-5411 or visit our website at [www.huntingtonbeachca.gov](http://www.huntingtonbeachca.gov).

Sincerely,

Tim Andre  
Division Chief/Fire Marshal
