

# Project Self-Sufficiency's Annual Adopt - A - Family

Looking for an opportunity to "pay it forward" and support a local family in need??

For over 30 years, our community has taken the lead to brighten the holiday season for our program families! Consider making this a group charitable activity for your office or social organization!

Visit [www.pssoc.org](http://www.pssoc.org) for more details and to submit your form today!

## Adopt - A - Family for Thanksgiving!

You will be matched with a family and then donate food gift cards, create a basket of food items or a little of both! You'll bring the family together around the turkey!

## Adopt - A - Family for Christmas!

You will be matched with a family and provided with their "wish list." Now you play Santa and help ensure that these special families have a holiday with gifts!

**What is PSS?** PSS supports and assists highly motivated, low-income, single parents with minor children to achieve economic independence through education and personal development.
